

IN-PERSON DIGITAL PHOTOGRAPHY INSTRUCTOR

The Joel Fund is seeking an engaging, collaborative In-Person Digital Photography Instructor for our Operation ART program. The Joel Fund's mission is to reconnect veterans to life at home. Operation ART is a community therapeutic art program aiming to provide an expressive outlet for emotional well-being in the lives of veterans and their families. The word "art" in Operation ART stands for Artistry, Reconnection, and Transformation. We seek to connect veterans and their families with peers in their community through the power of art.

As an Operation ART instructor, you are not only teaching students art skills and techniques, but you are also facilitating a safe space for our students to share and connect with each other. Encouraging conversation and fostering a safe space for students to connect is an important part of being an Operation ART instructor.

As our program expands, we are searching for a local Digital Photography Instructor who is interested in working with veterans and military-connected individuals in our community. Our studio is located near downtown Wake Forest.

KEY RESPONSIBILITIES

- Create a curriculum for a 6-week class and/or workshops
- Teach beginner-level photo classes in person at The Joel Fund studio in Wake Forest
- Possibility to teach advanced courses
- Create a safe learning environment and encourage in-class community
- Teach towards an end-of-class project for student exhibit at The Joel Fund studio
- Comfortable working in a collaborative environment

EMPLOYMENT TYPE

- Independent contractor

PAY

- \$50 per teaching hour payable upon completion of the class
- \$50 upon completion of mandatory, 2-hour training

QUALIFICATIONS

- Previous teaching experience
- Demonstrated expertise in digital photography
- Passion for teaching and creating community
